DETAILED ACTION

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: On March 29, 2006, the Board of Patent Appeals and Interferences reversed the Examiner citing that the Boers reference does not disclose that the chip contains either information for identifying the payment status of the product or a component for executing an update of the payment status of the product. The Board also stated that the Brookner reference does not disclose that the label includes a component for initiating update of payment status.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
